

REMINDER

Dear Parents,

On Wednesday, May 2, 2018, St. Mark School will host Family Literacy Night from 6:30 p.m. until 8:00 p.m. This special evening has been set aside for parents of children in grades prekindergarten through grade three. This will be a time for you to explore the opportunities that good literature and the local library have to offer you and your child.

Jennifer Haag, a representative from the Fairview Park Library, will discuss the benefits of reading to your child and with your child. She will provide current research pertaining to reading in addition to sharing information about the events that will be offered at the library for you to enjoy throughout the summer months.

During this special evening you will be able to obtain useful information related to reading and the library. Your child/children will have the opportunity to participate in a story hour literature creation presented by one of the teachers.

Below you will find a list of the literature opportunities for your child to participate. Using the ranking system of 1 (most desired) through 3 (desired), kindly place a number next to the story title of interest to indicate your top three preference choices. **Please return the bottom portion of this form to school by Friday, April 13, 2018.** A final schedule will be provided to you when the registration has been completed.
